### HAPPY VALLEY UNION ELEMENTARY SCHOOL DISTRICT 2023-24 2nd INTERIM BUDGET NARRATIVE March 13, 2024

The 2nd Interim Budget for 2023-24 has been prepared based on the estimated revenues and expenditures for the current and two subsequent years. It reflects the state budget that was approved for the 2023-24 fiscal year and the Governor's January proposal for 2024-25. It includes Average Daily Attendance (ADA) based on this year's CBEDS and the district's average attendance rate of 94%. This Second Interim Budget document reflects current expected revenues and planned expenditures for the 2023-24 school year.

The following outlines the changes between the 2023-24 First Interim Budget and Second Interim Budget.

### **REVENUES**

# Total General Fund Revenues are projected to be \$8,753,906; an increase of \$101,521 from First Interim.

**The LCFF** COLA is 8.22%. The District funded ADA is projected at 468.51, which is based on current year. The estimated ADA is .04 more than 1<sup>st</sup> Interim. The unduplicated pupil percentage is 64.9%, which is .75% more than at First Interim; this, and now being funded on current year, are the main reason for the increase in funding. The LCFF funded dollars are projected at \$6,253,857; which is an increase of \$43,891 from First Interim.

**Federal Revenue** is projected to be \$942,782; an increase of \$5,889. This is the last year for the ESSER/COVID funding to be spent (the actual deadline is 9/30/2024). Forest Reserve was increased \$1,282 and the rest of the increase was in Title I, II, and III.

**Other State Revenue** is projected at \$980,546; an increase of \$70,524. \$79,636 was added for the Prop. 28-AMS and ELOP was reduced \$9,062.

**Other Local Revenue** is projected to be \$576,721; a decrease of \$18,783. Interest was increased \$25,000 based on what was received for the first two quarters from the County. The \$45,172 income for the E-Rate project this year was taken out and the expenses were reduced by this amount.

### **EXPENDITURES**

Total General Fund Expenditures are projected to be \$9,952,217; a decrease of \$39,416 from First Interim.

**Certificated salaries** are projected at \$2,541,375; a decrease of \$80,698. The change is mainly due to removing the expense for two long-term substitutes, reducing extra duty, and a mid-year vacancy.

**Classified salaries** are projected at \$1,448,366; an increase of \$26,812; which is in substitutes and extra duty.

**Employee benefits** are projected at \$1,854,746; a decrease of \$21,676 due to the above changes.

**Books and supplies** are budgeted at \$752,379; an increase of \$12,089. The increase is mainly due to moving UPK Planning Grant expenses from services and other operating expenses to here.

**Services and other operating expenses** are projected to be \$2,038,813; an increase of \$95,829. The increase is mainly due to increased special ed costs.

**Capital Outlay** is projected to be \$1,084,378; a decrease of \$44,436. \$35,000 was added for a dishwasher through the Kitchen Grant and ELOP was reduced \$30,000. The E-rate project was adjusted down \$4,914 and the expenses were netted which was a \$45,172 reduction both in capital outlay and in income.

**Other Outgo** is \$231,274; a decrease of \$27,446. The decrease is mainly due to adjusting the pass-through ADA for MVJPA students.

**Transfers Out** is \$886 for the cafeteria due to uncollected adult meals.

**Contributions to Restricted Programs** the District is projecting to contribute \$1,360,054; an increase of \$113,369. The increase is mainly in special ed.

**The Beginning Balance** is \$4,358,541; the same as First Interim.

**The Ending Balance** is projected to be \$3,160,230, an increase of \$140,937; \$45,261 in unrestricted and \$95,676 in restricted.

The District Second Interim Budget is projecting \$1,198,311 less in revenues than expenditures, which is a deficit (\$669,510 in unrestricted and \$528,801 in restricted). The unrestricted deficit is mainly due to the Energy Projects expenditures in current year when the income was received last year. The restricted deficit is mainly due to deficit spending in ELOP, Literacy Grant, Kitchen Grant, Learning Recovery Grant and the Arts & Music Block Grant. Again, the income was received in prior years.

There are many unpredictable factors that could impact the budget and multi-year. The State is facing major revenue shortages for 2022-23 and 2023-24. We do not yet know how this is going to impact us, but we need to be prepared for income reductions and/or deferrals. One-time income is being used to fund on-going expenditures, including staffing. The District has made progress to reduce expenditures next year to offset the one-time income that is being used. Additional reductions are going to need to be made the following year as the one-time income is depleted. Even more reductions could be in store for the District, depending on the State Budget. The multi-year budget is based on a 0% COLA for the two subsequent years. The district based the budget on assumptions, the best information available at the time the budget was prepared. This budget should be considered a "financial snapshot" on the date it is approved by the Board of Trustees.

# S8. Status of Labor Agreements

Analyze the status of all employee labor agreements. Identify new labor agreements that have been ratified since first interim projections, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. # If salary and benefit negotiations are not finalized, upon settlement with certificated or classified staff:

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards and may provide written comments to the president of the district governing board and superintendent.

| Part I - General Administrative Share of Plant Services Costs  |                     |
|--|---------------------|
| California's indirect cost plan allows that the general administrative costs in the indirect cost pool may include that portion of plant services costs (more administration costs and facilities rents and leases costs) attributable to the general administrative offices. The calculation of the plant services costs at administration and included in the pool is standardized and automated using the percentage of salaries and benefits relating to general administration appercentage of square footage occupied by general administration. | tributed to general |

| Part II - Adjustments for Employment Separation Costs  |                     |
| When an employee separates from service, the local educational agency (LEA) may incur costs associated with the separation in addition   |                     |
| to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal   |                     |
| or mass" separation costs.   |                     |
| Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board  |                     |
| policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs   |                     |
| may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation  |                     |
| costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter   |                     |
| these costs on Line A for inclusion in the indirect cost pool.   |                     |
| Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their   |                     |
| employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden   |                     |
| Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal  |                     |
| programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general   |                     |
| administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.  |                     |

| the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.   |                   |
| A. Indirect costs incurred in the current year (Part III, Line A8)   | 517,825.43        |
| B. Carry-forward adjustment from prior year(s)   |                   |
| 1. Carry-forward adjustment from the second prior year   | 42,388.47         |
| 2. Carry-forward adjustment amount deferred from prior year(s), if any   | 0.00              |
| C. Carry-forward adjustment for under- or over-recovery in the current year  |                   |
| 1. Under-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus (approved indirect                                   |                   |

| 2. Over-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus the lesser of   |                   |
| (approved indirect cost rate (6.86%) times Part III, Line B19) or (the highest rate used to  |                   |

| D. Preliminary carry-forward adjustment (Line C1 or C2)  | 32,727.33         |
| E. Optional allocation of negative carry-forward adjustment over more than one year  |                   |
| Where a negative carry-forward adjustment causes the proposed approved rate to fall below zero or would reduce the rate at which                 |                   |
| the LEA could recover indirect costs to such an extent that it would cause the LEA significant fiscal harm, the LEA may request that             |                   |
| the carry-forward adjustment be allocated over more than one year. Where allocation of a negative carry-forward adjustment over more             |                   |
| than one year does not resolve a negative rate, the CDE will work with the LEA on a case-by-case basis to establish an approved rate.            |                   |
| Option 1. Preliminary proposed approved rate (Part III, Line D) if entire negative carry-forward   |                   |
| adjustment is applied to the current year calculation:   | not<br>applicable |
| Option 2. Preliminary proposed approved rate (Part III, Line D) if one-half of negative carry-forward  |                   |
| adjustment is applied to the current year calculation and the remainder  |                   |
| is deferred to one or more future years:   | not<br>applicable |
| Option 3. Preliminary proposed approved rate (Part III, Line D) if one-third of negative carry-forward   |                   |
| adjustment is applied to the current year calculation and the remainder  |                   |
| is deferred to one or more future years:   | not<br>applicable |
| LEA request for Option 1, Option 2, or Option 3  |                   |
|  | 1                 |
| F. Carry-forward adjustment used in Part III, Line A9 (Line D minus amount deferred if   |                   |
| Option 2 or Option 3 is selected)  | 32,727.33         |

### Suicide Prevention Plan

Suicide is a significant public health challenge. According to the latest data, 4,323 Californians lost their lives to suicide in 2017. California's state suicide rate remains relatively stable, and rates are increasing in some communities. Striving toward no lives lost to suicide will require a dedicated and sustained effort to integrate practices known to prevent suicide into our education, justice, healthcare, and other systems and our communities. All Californians need to be vigilant – aware and responsive to the warning signs of suicide in their loved ones and even in themselves. There is hope. The evidence for effective suicide prevention practices is growing every day. The HVUESD comprehensive suicide prevention plan incorporates the latest information and evidence to guide state and local actions for the benefit of all Californians and to save lives.

## Emergency Procedures for Students with Special Needs and School District Protocol for Adaptations for Pupils with Disabilities

Effective Date: January 1, 2024

**Overview:** In compliance with Senate Bill 323, our school district has integrated comprehensive adaptations into our disaster procedures to ensure accessibility and safety for pupils with disabilities. This initiative aligns with the federal Individuals with Disabilities Education Act, Section 504 of the Rehabilitation Act of 1973, and the Americans with Disabilities Act of 1990.

I. Inclusion of Adaptations in Disaster Procedures

- All disaster response plans now include specific adaptations to accommodate the needs of pupils with various disabilities.
- These adaptations are designed to ensure that all evacuation, lockdown, and emergency response procedures are accessible to every student.
- II. Collaboration with Special Education Experts
  - We have collaborated with special education experts and disability advocates to develop and refine these adaptations.
  - Regular training is provided to all staff members to familiarize them with the specific needs and appropriate responses for students with disabilities.

III. Annual Safety Plan Evaluation

- Our safety plans undergo an annual evaluation to ensure that they include effective and up-to-date adaptations for pupils with disabilities.
- This evaluation process involves feedback from teachers, parents, and disability experts.

IV. Open Communication Channels

- We maintain open channels of communication for school employees, parents/guardians, educational rights holders, and pupils to raise concerns regarding individual students' ability to access disaster procedures.
- These concerns are promptly brought to the attention of the school principals for assessment and action.

V. Individualized Response Strategies

- When a concern about an individual pupil's access to disaster procedures is validated, we develop and implement tailored strategies to address their specific needs.
- These strategies are incorporated into the overall disaster response plan for the school.

VI. Regular Drills and Accessibility Checks

- Drills incorporating these adaptations are conducted regularly to ensure that all students, including those with disabilities, can participate effectively.
- Accessibility checks are a routine part of these drills to identify and rectify any gaps in our response plans.

VII. Continuous Improvement and Updating

• Our protocols for pupils with disabilities are subject to continuous review and improvement to adapt to changing needs and feedback.

• We stay informed about advancements in accessibility and emergency response to ensure our practices are up to date.

**Note:** The integration of these adaptations into our disaster procedures reflects our commitment to the safety and inclusivity of all students. We recognize the importance of addressing the unique needs of pupils with disabilities in emergency situations and are dedicated to ensuring that our safety plans are comprehensive, effective, and inclusive. Our approach involves ongoing collaboration with the community, experts, and stakeholders to provide a safe and supportive learning environment for every student. The Principals are responsible for identifying all students who will require additional assistance working with the designated certificated staff (classroom teachers) and to ensure that coverage and a plan is completed for each student.

## A Reminder that Mandatory Ethics Training for School Officials is Coming

November 28, 2023 Number 39

Adam M. Vasquez Associate Sacramento Office avasquez@lozanosmith.com Starting January 1, 2025, officials in school districts, county offices of education, and charter schools must complete ethics training at least once every two years. Assembly Bill (AB) 2158, signed into law by Governor Gavin Newsom in September 2022 amends California's Government Code to mandate ethics training for relevant educational officials, in alignment with the existing "AB 1234 Training" requirement in place since 2006 for officials in cities, counties, and special districts. Expanding required ethics training to school officials reinforces the importance of ethical governance in California's educational system and promotes transparency and integrity in the decision-making process.

#### Background

In October 2005, the Governor signed AB 1234, requiring local agency officials to receive training in ethics. Previously, members of school district governing boards, county boards of education and governing bodies for charter schools were exempt from the AB 1234 ethics trainings requirement.

The purpose of AB 2158 is to expand the definition of "local agency officials" to expressly include the governing board and members of school districts, county offices of education, and charter schools. Since these public officials make a plethora of important decisions that may carry ethical implications, the State Legislature has determined that they should receive ethics training to the same extent as other local agency officials.

#### Changes to the Government Code

Specifically, AB 2158:

1) Adds the following to the definition of a "local agency official" for purposes of the ethics training requirement:

A member of the governing board of a school district, a county board of education, or the governing body of a charter school, whether or not that member receives any type of compensation, salary, or stipend or reimbursement for actual and necessary expenses incurred in the performance of official duties.

- Requires each local agency official who, as of January 1, 2025, is a member of the governing board of a school district, a county board of education, or the governing body of a charter school, except for officials whose term of office ends before January 1, 2026, to receive training in ethics before January 1, 2026.
- 3) After the initial year of ethics training, requires each local agency official who is a member of the governing board of a school district, a county board of education, or the governing body of a charter school to receive the training at least once every two years.

AB 2158 training courses familiarize officials with general ethics principles and laws relating to conflicts of interest, transparency, fair processes, and prerequisites of office, among other issues. Upon completion of their training, officials receive a certificate of completion and are responsible for maintaining records confirming satisfaction of these requirements.

#### Takeaways

AB 2158 represents a significant step in promoting ethics and accountability in California's educational institutions. By bringing school board members into line with the existing "AB 1234 Training" requirement, the law ensures that all local agency officials receive ethics training every two years, regardless of compensation or reimbursement status.

Ethics training courses that satisfy both AB 1234 and AB 2158, cover a range of essential ethics principles and legal aspects, including conflicts of interest, transparency, fair processes, and prerequisites of office. The requirement for officials to maintain training records underscores the commitment to ethical conduct and accountability in the educational sector.
